DATA FIELD TABLE: Certain information is provided for each project on _Development Activity Map_. This Table explains each of the data fields that are available.

Data Field	Explanation
Activity Number	Unique number assigned to the project. This number indicates general type of permit or special approval, and the year of application to PDSD
Address	Physical address of the project
Project Type	General category of the project (see lists of Permits and Special Approvals for explanation of Project Type)
Project Sub-Type	More specific category of the project (see list of Permits and Special Approvals for an explanation of Project Subtypes)
Project Description	A brief description of the project
Project Status	The current status of the project with respect to PDSD review and approval processes (see Status Table for explanations of Project Statuses)
Valuation	The assigned value of the planned new construction or building addition/alteration
Date of Application	Date application was received by PDSD staff and entered into permitting system
Date Approved	Date project was approved by PDSD staff or decision-making body
Date Issued	Date permit was issued to allow construction of site or building to commence
X	X coordinate of project
y	Y coordinate of project
