

On April 8, 2024, a total solar eclipse will cross North America, passing over Mexico, the United States, and Canada. A total solar eclipse happens when the Moon passes between the Sun and Earth, completely blocking the face of the Sun. The sky will darken as if it were dawn or dusk.

Safety is the number one priority when viewing a total solar eclipse. Be sure you're familiar with when you need to wear specialized eye protection designed for solar viewing

April 22, 2024

Planet vs. Plastics  
For Earth Day 2024 on April 22nd, [EARTHDAY.ORG](http://EARTHDAY.ORG) is unwavering in our commitment to end plastics for the sake of human and planetary health, demanding a 60% reduction in the production of ALL plastics by 2040.

Since the very first Earth Day in 1970, millions of people from more than 190 countries worldwide have come together every April 22nd to stand up for the planet and champion a greener, more equitable future for us all. Now in its 54th year, Earth Day serves as a poignant reminder of our collective responsibility to safeguard the environment and our own future.

Join us today in making a pledge to reduce your plastic waste by signing the Global Plastic Treaty and make a Earth Day pin! We will show a Earth documentary and participants will receive take home gifts. PCOA lunch participants, bring in your silverware from home this week and receive a special gift!
